Green Campus Policy

**IF YOU CANNOT
REUSE, REFUSE.**

Statement:

Recognizing the profound impact of plastic pollution on the environment and the imperative to mitigate its adverse effects, the institute is committed to take proactive measures to manage plastic usage on the campus. Guided by our dedication to sustainability and environmental responsibility, these policies outline our commitment to reducing single-use plastics, promoting recycling initiatives, and fostering a culture of conscious consumption among our students as well as faculty members. These policies serve as a testament to our college's unwavering commitment to sustainability and our determination to lead by example in the fight against plastic pollution.

Policy in use of plastic:

- Reuse should be promoted from non-recyclable plastic bottles.
- Staff members and students should consume water solely from reusable plastic bottles, steel bottles, etc.
- Only steel cups, glass, ceramic utensils, and containers will be used by the staff members and students to the extent possible.
- Staff members and students should refrain from using non- reusable plastic bags.
- All plastic waste produced must be placed in the dry waste container so that waste segregation can be effectively practiced.
- Decorations for the events must be done with the least use of plastic articles.
- Guests and dignitaries are provided paper bags for carrying saplings and gifts provided in the events.
